

# Ogdensburg Drug Alliance News

Upcoming events: 8<sup>th</sup> grade breakfast includes a Game Show and introduction to DEFY. (Sussex County's Drug Prevention Program run completely by teens)

Ogdensburg Drug Alliance recently hosted the annual Senior Luncheon at the Ogdensburg School on April 19, 2007. The luncheon theme was a luau and the library was aptly decorated with palm trees, colorful leis, tiki head cups and table skirts with tropical fish. To welcome the seniors each of the teachers wore a lei for the day. Superintendent John Petrelli welcomed the seniors and invited them to visit the school anytime to see our teachers and students hard at work. Michelle Block, Ogdensburg's school nurse spoke about natural remedies and the unexpected interaction with prescription drugs. She encouraged everyone to be specific with their doctors when they begin to use natural remedies.

After the luncheon the seniors were treated to a performance of the school play. This years performance Fiddler on the Roof, part of the Junior Broadway series, is about people experiencing tumultuous emotional and cultural differences. Under the direction of Ogdensburg's multi-talented music teacher, Valerie Reeth, these twelve to fourteen year old students did a tremendous job. See some of the fabulous cast in the picture below:

New Drug alliance members are always welcome!
