Councilman McGuire moved, Councilman Andrews seconded motion to adopt the following resolution.

WHEREAS, Assembly Bill A-3553 proposes to expand the opportunities for registered voters to cast their ballots at an election within the State of New Jersey, and

WHEREAS, the goal of accommodating voters in pursuit of greater participation in the democratic process is a worthy goal, but

WHEREAS, The said bill as it is currently drafted involves proposals that would increase workloads, add more costs to the election process, and ultimately serve to confuse voters more than it would accommodate their needs, and

WHEREAS, the opportunity for "Early Voting" already exists in the State of New Jersey through the Vote by Mail ballot process,

NOW, THEREFORE, BE IT RESOLVED that the Governing Body of the Borough of Ogdensburg in the County of Sussex does hereby oppose Bill A-3553 for the following reasons: Current State Law provides that the County Clerk shall mail Sample Ballots for Primary Election on or before 12 noon on Wednesday preceding election(N.J.S.A. 19:23-34). The proposed Bill requires polling places to be open beginning 15 days before an election. This bill creates an inherent conflict between the date upon which the County Clerk is required to mail sample ballots and the date upon which sample ballots must be posted in polling places. It creates a situation in which the County Clerk will be obligated to mail sample ballots to voters, inviting them to come vote on Election Day, who will have already cast their votes, creating confusion for the average voter and citizen. It will also pressure county Clerks to have sample ballots

available earlier than the statutory date upon which said sample ballots need to be provided to the general public via mail.

The requirement that a single polling place must be kept open ten hours a day, Monday through Saturday, and on Sundays for 8 hours, beginning 15 days before an election up until 2 days before an election will create additional expense on County Boards of Election, who will be required to staff this said polling place with poll workers who will be required to handle voters that come from every voting district within a municipality as opposed to a single voting district at each polling place on election day.

The Sussex County Board of Elections points out that the average age of Poll workers in Sussex County is 72 years. The bill would require complete re-training of poll workers on how to handle paper ballots on the Early voting days as opposed to the electronic voting done on Election day; many current poll workers will not be interested or physically capable of staffing polling places for such extended periods of time for two straight weeks; hiring new poll workers and training them will be required to staff the early voting locations; costs will be incurred in transporting election materials to and from each early voting location every day in order to maintain chain of custody for protecting the integrity of the ballots cast; Overtime costs would be incurred for staffing the Board of Elections offices each day and each evening; all of which adds up to an estimated additional expense exceeding \$150,000 per election.

The Bill creates a conflict for Municipal clerks who are required, by law, to be in their offices during the hours that polls are open for an election. Additionally, many municipalities now rely on their Public Works employees to set up and take down polling places. This will create overtime issues on municipalities.

The Bill requires a central location be utilized the early voting polling place. In many instances, this will require the use of the municipal building for seven days a week, for two weeks prior to the election, for up to 12 hours a day. This creates an inherent conflict with already-scheduled court sessions, meetings of governing bodies, meetings of various boards such as Planning Boards, Zoning Boards, Recreation Commissions, and Boards of Health, which will require re-scheduling and postponing hearings on applications before those bodies, in turn creating inconvenience for the general public, and increased costs for the municipality.

The Sussex County Board of Elections estimates that, taking all factors into consideration, the total cost of setting up and conducting the first early voting election would be \$680,000, and the cost of each early voting election thereafter would be \$198,000.

This represents an unfunded mandate, creating unnecessary additional burden and expense on the county and local levels of government, and provides no meaningful increase in the opportunity for New Jersey voters to “vote early” because current state law and established procedures allow a voter to download a Vote By Mail Ballot application, mail in that application, receive a Vote by Mail ballot, and cast their ballot, without ever having to leave their own home or business location.

BE IT FURTHER RESOLVED, the governing body of the Borough of Ogdensburg does hereby call upon its representatives in the State Legislature to oppose the adoption of this bill.

BE IT FURTHER RESOLVED that a copy of this Resolution shall be sent to the Office of the Governor, the Sponsors of Bill A-3553, Senator Steven V. Oroho, Assemblywoman Alison Littell McHose and Assemblyman Gary R. Chiusano who represent this District, the Sussex County Board of Elections, and the New Jersey League of Municipalities.

Councilman McGuire moved, Councilman Opilla seconded motion to introduce the **2013 Municipal Budget**. Public hearing and adoption is scheduled for April 8, 2013. R. McGuire. Yeas: Amodeo, Andrews, Astor, Hutnick, McGuire, Opilla.

Councilman McGuire gave a brief summary regarding taxes. Based on our municipal portion of the budget the tax increase this year/last year was a zero percentage increase on the municipal side. This year the tax increase is going to be \$32.44 on a medium house assessed at \$266,000.00. Councilman McGuire stated the Borough got the taxes down as low as they could without cutting any services. Mayor Ciasullo stated that the \$32.44 is based on a couple of variables one being who is paying taxes in town. The economy is not good and people are not doing well so the Borough is lucky that we were able to keep the taxes down and this is something that is uncontrollable. The other uncontrollable factor this year is the garbage contract which is coming due. The last contract the Borough saved a lot of money but that contract is done. This year a new contract will be bid on and the low bid might be more money than what we spent last time. Councilman Astor is working on a new contract along with the council trying to keep it as close to the last contract but the Borough still had to put money in the budget to account for any increases with a new contract.

Councilman McGuire moved, Councilman Opilla seconded the motion to open the public session of the meeting. Yeas: Amodeo, Andrews, Astor, Hutnick, McGuire, Opilla.

Chief of Fire, Rick Keslo handed in a recent quote for air bottles. The Chief stated that the Fire Department may not have to purchase bottles this year, but would like to start purchasing some because of the expense. Within an 11 year period it will cost \$30,000 or more. The air bottles

only last 15 years. Mayor asked if there is any chance that the Fire Department can find a grant. Chief Keslo said they could look into it and they have eleven years to find a grant. The Chief briefly spoke about getting natural gas and eliminating the oil tanks. Pat Sabourin, 13 Wilson Drive informed Mayor and Council that to become an EMT the cost went up to \$1,000. Mrs. Sabourin also mentioned that the Easter Egg Hunt will be on March 23rd at Firehouse Field at 1:00p.m.

OLD BUSINESS

Robert Armstrong, Chair for the Land Use Board gave an update on the Main Street Streetscape. Mr. Armstrong informed Mayor and Council that he has met with some of the business owners and he is working on getting a clock. Mr. Armstrong is working with the designers on pavers and one concern in curbing. Mr. Armstrong will keep Mayor and Council up to date as the work is being done. Councilman Opilla asked about lifeguards. Councilman Amodeo informed Mayor and Council that he has made a few phone calls and checked with his daughter and none of the girls are returning. He feels a add will need to be placed in the paper. Councilman McGuire mentioned that he spoke with the head of the swim team and mentioned to him to budget more this year to cover lifeguards for swim meets. It was also stated that the swim team is looking into a grant. Mayor and Council spoke about projects that need to be capital projects. Councilman Astor mentioned he received the overtime report from Department of Public Works and will look it over. Councilman Astor has looked into getting a lift for the Department of Public Works, which could run between \$5,100-\$5,500. Further discussion will be forthcoming.

Mayor Ciasullo informed Council that the State has eliminated the recycling grant, therefore the Borough will not longer be getting any monies from the grant. The Mayor is checking to see if the Borough is saving any money by keeping the two 20 yard dumpsters that we presently have. Council discussed different options that the Borough may have with recycling. The garbage contract was also discussed and what options we may have regarding recycling. Further discussion will be forth coming. Council would like to finalize the bid specs at the next meeting. Mayor Ciasullo gave an update on the junkyard and the renewal of the license. Unfortunately, the owner is behind again with the taxes and will have to be current on the taxes before she will be able to renew her license. Council also spoke briefly about a sub-division on property that taxes aren't current.

NEW BUSINESS

There was discussion on speeding on Kennedy Avenue. Councilman Amodeo mentioned that the people who live on Kennedy don't even want to walk on Kennedy anymore because of the speeding and would like to know if there is anything that can be done. Councilman Andrews said the Chief of Police will be notified. Councilman Opilla mentioned that the Borough received a notice from the Department of Environmental Protection regarding a nitrate report that wasn't done. The Water Treatment Plant Supervisor said a notice will go out to the public. Councilman Andrews informed Mayor and Council that the police department had received a letter of commendation for Sergeant Gordon for the excellent work he had done on the behalf of a Sparta resident who had gotten gas at the Delta gas station and had dropped their wallet. The resident had called the police department to report a lost wallet and after Sergeant Gordon had looked into the matter the wallet was being held at the gas station and was given back to the owner.

Councilman Andrews moved, Councilman McGuire seconded motion for adoption of the following resolution. Yeas: Amodeo, Andrews, Astor, Hutnick, McGuire, Opilla.

WHEREAS, Section 8 of the Open Public Meetings Act, Chapter 231, P.L. 1975, permits the exclusion of the public from a meeting in certain circumstances; and

WHEREAS, this public body is of the opinion that such circumstances presently exist.
