Resolution 91-2018

WHEREAS, the Borough of Ogdensburg (hereinafter "Local Unit") is a member of the Statewide Insurance Fund (hereinafter "Fund"), a joint insurance fund as defined in N.J.S.A. 40A:10-36 et seq.; and

WHEREAS, the Fund's Bylaws require participating members to appoint a Fund Commissioner;

NOW, THEREFORE, BE IT RESOLVED by the governing body of the Borough of Ogdensburg (Local Unit) that Councilman Peter Opilla (entity's elected official or employee) is hereby appointed as the Fund Commissioner for the Local Unit for the **Fund Year 2019**; and

BE IT FURTHER RESOLVED that the Local Unit's Fund Commissioner is authorized and directed to execute all such documents as required by the Fund.

Resolution 92-2018

WHEREAS, the Borough of Ogdensburg (hereinafter "Local Unit") has joined the Statewide Insurance Fund (hereinafter "Fund"), a joint insurance fund as defined in N.J.S.A. 40A:10-36 et seq.; and

WHEREAS, the Bylaws require participating members to appoint a Risk Management Consultant, as those positions are defined in the Bylaws, if requested to do so by the "Fund"; and

WHEREAS, the Local Unit has complied with relevant law with regard to the appointment of a Risk management Consultant; and

WHEREAS, the "Fund" has requested its members to appoint individuals or entities to that position; and

NOW, THEREFORE, BE IT RESOLVED by the governing body of "Local Unit", in the County of Sussex and State of New Jersey, as follows:

1. The Borough of Ogdensburg (Local Unit) hereby appoints Arthur J. Gallagher Risk Management Services Inc. its Risk Management Consultant.
2. The Mayor (*authorized representative of the public entity*) and Risk Management Consultant are hereby authorized to execute the Risk Management Consultant's Agreement for the year 2019 in the form attached hereto.

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL

OLD BUSINESS

JCP & L/Firehouse parking lot light – Mayor Slater commented Jackie Espinoza is present for the discussion. Mayor Slater commented she explained to Ms. Espinoza the other day, the Fire Department is going to put lights on their building we just have to get Chris (Ross) to order the lights and get them put up.

Councilman Astor asked if there were specific lights that you need.

Mayor Slater commented Chief Gordon knows what lights we need.

Chief Gordon commented they are called forward throw wall packs.

Councilman Hutnick asked where are the lights going.

Mayor Slater commented on their building, where the previous ones were. Mayor Slater commented in regarding to the other light Jackie will update us.

Ms. Espinoza commented the flood lights that are over by the ball park, we are asked to turn them off awhile ago, so it is up to the borough if you still want them. Ms. Espinoza explained she doesn't know if it was because they didn't want the field lit in the winter time when it wasn't being used. It is up to you guys there are three of them on the pole, if you want to turn them back on she wants to say wait until the lights are put up on the building and see what you will need. Maybe just turn one on and the two that are facing the field and the houses don't turn those two on.

Chief Gordon commented you don't have to light the field you need to light where people will presume to be walking on the pavement and stuff; they should be on all night.

Councilman Astor commented what is the name of those lights. Chief Gordon commented they are called a low pack forward throw and explained how the light will work.

Chief Gordon commented the pole that is broken; it had a streetlight on it. Ms. Espinoza commented that one had a regular street light on it. Chief Gordon commented yes. Ms. Espinoza commented maybe she can do something that says grandfathered.

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL
OF THE BOROUGH OF OGDENSBURG
14 HIGHLAND AVE. OGDENSBURG AT 7:00PM
December 10, 2018**

Mayor Slater commented she had Jackie look at Brooks Flat and Edison; there is the house on the corner at Brooks Flat and Plant the light is not going to be good there. The light will be too bright and will shine in the house. On Edison there is that one house but we could do up to the pond if we wanted to.

There was a discussion on the type of lights and in different areas of town. There was a discussion on street lights being out, just inform the Clerk and give her the pole number to enter the request on line for a street light being out.

Elizabethtown Gas – Councilman Astor commented nothing new with Elizabethtown.

Hot Water Heater – Councilman Nasisi commented with the hot water heater and the boiler he is getting additional quotes.

Borough Hall Roof– No update.

Steam Boiler for Historical Building – See above

Block 30 Lot11.05 Wausau Street Septic Repair – Councilman Nasisi commented we are leaving this on the agenda until next year.

Sparta Dispatch – Mayor Slater commented their Mayor is signing the contract tonight; it will come to us and it will be done.

Hydrants – Councilman Nardini commented none have been replaced so far but Chris had success in repairing the first one. So that will be a more successful way to go about it if we can take them apart and fix them instead of replacing them.

Heaters for Wells – Councilman Nardini commented the electrician has started to replace the lights and different things in the heaters and explained some repairs and waiting for quotes on certain things.

Driveway Ordinance from Land Use Board

Gene Buczynski, Borough Engineer was present to explain the Driveway Ordinance being recommended by the Land Use Board. Mr. Buczynski commented the original ordinance back from 1991 is very limited, the Planning Board wanted to look at the drive ordinance because there is no control; driveways are being put in everywhere. They wanted to have some type of standard with a driveway ordinance, which he worked with the board for several months and this is what they came up with. Mr. Buczynski commented he made four minor changes to it which he gave to the Clerk this evening and passed it around to everybody.

Mr. Buczynski commented this basically gives us more controls as far as where the driveways should go, concerns about drainage to make sure that drainage is addressed. Also the thickness of the pavement, pavement size, this is basically an updated ordinance which the Board felt it was necessary for future driveways. There was no permit in the previous ordinance, in this there is one with a \$25.00 permit fee and basically it could be handled through the zoning officer. If for some reason it is not a simple one and needs engineering then he would be contacted and an escrow amount of \$250.00 would have to be submitted.

Mr. Buczynski explained the ordinance.

The Council discussed the ordinance.

Mr. Briadoro explained the process of the ordinance, we will introduce it, the ordinance will get published, [sent back] to the Land Use Board for review and then there will be a public hearing then adoption at the Council level. To make residents aware you can put something on the website.

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL
OF THE BOROUGH OF OGDENSBURG
14 HIGHLAND AVE. OGDENSBURG AT 7:00PM
December 10, 2018**

Councilman Nasisi explained the benefit to the public with having the driveway ordinance cleaned up.

Discussion of CFO – Councilman Hutnick commented there have been emails going around. Mr. Briadoro commented he spoke to Frank McGovern today the latest breakdown they were fine with that. Mr. McGovern asked him about the interview process, how that would go. They want to know if they (Sussex) would have a seat at the interviews.

Mayor Slater asked the Clerk to reach out to Sussex tomorrow and tell them yes we want them at the interviews.

Ms. Hough commented she will do an ad and have everyone look at it.

Email Technology – Councilman Nardini commented he almost has all the information comparing Service Electric and Century Link. No matter what he would say lets create g-mail accounts to eliminate using our personal emails on communications. If we do switch from Century Link to Service Electric it isn't going to be next week so it is probably good we create our own emails, we can do first initial last name Oburg or something; then this would handle anything we do for Council purposes. Aside from that, we have very low internet connectivity so Century Link gave him some numbers it would be a flat line switching over from 1 mg. up to 3mg we would pay like three dollars more. If we stay with Century Link for internet we can kill the \$9.99 a month for the modem and just pay the \$99.00, even if it broke every two years we would still be one hundred dollars ahead.

There was a discussion the internet service and some numbers that were questioned assigned to the Borough.

Employee Manual Insurance – Mayor Slater commented was on from last time we had the resolution on [the consent agenda].

Firehouse Gate – Mayor Slater commented we can take this off for now; they will have to go to the Land Use Board for that.

School as a shelter – Councilman Astor commented there was a meeting on school shelters; he believes he forwarded the guide to everybody. Councilman Astor commented in the guide they explained an approximate ratio of one shower for every 25 persons is recommended. One shower has to be accessible to individuals with disabilities and one shower for every six persons must be accessible to individuals with disabilities; which rules out our school currently. We do have to have a generator also in case there is a power outage. Right now the Ogdensburg School will not be able to be a shelter.

Crosswalk – Councilman Astor questioned this item. Ms. Hough explained remember we talked about the light for the kids by the school; when the County was called they said they would do a joint service with the town, we put the funds for the equipment and the County would install it. The County would come and have a meeting to discuss this. Then we talked about putting one by the crosswalk by the Atlantic Manor.

Chief Gordon commented right, that one is used more at night than the one by the school.

Councilman Astor commented it is coming back to him.

Ms. Hough commented the estimate for the material would be about seven to ten thousand dollars.

Councilwoman O'Dell commented it is for the kids, they would press the button and the light would stop traffic.

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL
OF THE BOROUGH OF OGDENSBURG
14 HIGHLAND AVE. OGDENSBURG AT 7:00PM
December 10, 2018**

Councilman Astor commented there were some concerns about students getting off the bus and walking across at night. When speaking with the Chief we felt it might be better to put it on the other side where the Manor is and students can get off the bus walk up and cross.

Ms. Hough commented we need to send a letter to Bill Kopenall at Sussex County Engineering that we would be interested. Ms. Hough explained the County partners with the Municipality and the town funds the material and the County installs it.

Councilman Astor commented moving forward that is something we would have to think about for the budget.

There was a discussion on a light at the crosswalk.

Ms. Hough explained she checked into it for the safety of the kids.

Mayor Slater commented to get more information for the next meeting and we will take it from there.

Councilman Astor commented we will get more information by the next meeting. Councilman Astor commented to see if the gentlemen can come out and talk to us.

There was a discussion on where the busses are dropping children off.

Request for proposals Attorney and Engineer- Mayor Slater commented Councilman Hutnick will be making the decision for next year.

NEW BUSINESS

Police Hire – Mayor Slater commented the Chief is here to explain what he wants to do.

Chief Gordon commented we had an ad in the paper looking for a lateral transfer we did receive several resumes and most of the resumes we received are from chief towns we had a couple of interests from Civil Service towns again the Chief or the Director have to sign off for these people to leave and that was not going to happen and that was by their own admission. Really we just went in a circle and came back to nothing; his thought now at this point just hire two people off the list and get two officers for the price of one, send them to the academy, have them come out freshly minted, they will know the newest updates to the law and we can train them as needed to work here. At the most he has six years left as do three other officers; we have to start getting a rotation going otherwise six years from now we are going to have a problem with man power.

Mayor Slater commented in regards to the academy Passaic starts in April, so if we get moving now and get through everything we can get them to the academy in April.

Chief Gordon commented this will give them plenty of time to do the background check and get done was is needed to be done and they would graduate October, 2019. Then ten weeks of field training and then they would be off on their own.

Mayor Slater asked do you want to do two now or one.

Councilman Hutnick asked what is the reasoning for two.

Chief Gordon commented the reason for two is the starting salary for both officers is what we were looking for to pay for a lateral transfer so if you have both officers going through the academy at the same time and one washes out for an injury etc. then we are waiting again until April or January 2020 to get an officer to the academy. If you send two through we are guaranteed to get at least one out of it possibly two at the end. Chief Gordon explained a situation back in 2008 with two officers going through.

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL
OF THE BOROUGH OF OGDENSBURG
14 HIGHLAND AVE. OGDENSBURG AT 7:00PM
December 10, 2018**

Councilman Hutnick asked what would two do to your schedule. Chief Gordon commented it would bring it to a full schedule; no more overtime other than Holidays. Councilman Hutnick asked what one would do [to the schedule]. Chief Gordon commented one would still create overtime and explained.

Mayor Slater asked if there were any questions, yeas or nays.

There was a discussion on hiring of the police officers, process and what would be involved, and they would be paid a step one salary while in the academy, the Chief explained how the shifts would work with a full department, a full department would eliminate overtime and the shifts would be overlapping. The Council agreed to get the list and to move forward.

Alliance Plans/issues – Councilwoman O’Dell explained her first alliance meeting as Councilwoman, we are in a tough position as to where things are stored and where we are going to have things. If we can have a place to hold our teen canteen items.

Councilman Astor commented on all the space being used in the School.

Mayor Slater commented she had idea to see if there was any funding they [Municipal Alliance] could get to help the First Aid Building get cleaned up and freshened up and you hold them there.

There was a discussion on where Municipal Alliance can store their teen canteen equipment/supplies.

Councilwoman O’Dell explained she was going to send out a flyer at the school to see what activities there might be an interest for with teen canteen movie night etc., activity outside the building once a month.

Grant Writing “Bruno Associates” – Mayor Slater commented she and Councilman Hutnick met with Bruno Associates which is a grant writing company. They have gotten grants for Sussex water infrastructure they have done tons of grants, engineering, DOT grants, emergency preparedness grants for generators, they can help with parks and play grounds more sidewalks all that stuff. They do not charge per grant it is however many grants you can apply for, however many grants we can deal with, they can work with the Fire Department, any of our ORA anything like that. School is usually separate unless we are doing something together. It is three thousand dollars a month which would be thirty six thousand for the year but what they said they could get back in grants would offset that basically.

Councilman Hutnick commented he said they can apply for a grant and if we get turned down they will provide an entire breakdown of why we got turned down and what needs to be fixed to get that grant so we can fix it and reapply for that grant.

Mayor Slater commented they will send us an alert every time grants come out, we will get an alert to us so we can all look at it and say alright we want to look into these grants; they get all the information and put it all together, they will come and met with us.

Councilman Hutnick commented they also handle police grants and everything else.

Mayor Slater commented they can come in and help you through the grant walk you through everything. This is a yearlong contract.

Councilman Hutnick commented on the amount of work that needs to be done in the infrastructure etc.

Mayor Slater commented they got Sussex four hundred thousand for their infrastructure.

Councilman Hutnick commented for a year it is worth a shot.

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL
OF THE BOROUGH OF OGDENSBURG
14 HIGHLAND AVE. OGDENSBURG AT 7:00PM
December 10, 2018**

There was a discussion on the grant writers and types of grants.

Mr. Briigliodoro commented the agreement has a termination clause too, it says a 60 days written notice for any reason and no penalty.

The Council discussed the need to do something there are a lot of repairs in the Borough that need to be done and to try this route going for grants.

Path to Progress – Councilman Astor explained Senator Oroho and Senator Sweeny had a meeting with the Municipalities to discuss their proposal which is called Path to Progress. They talked about by the year 2020 we are going to need an extra 8 billion dollars just to pay for the necessities of the State and the increased pension system. They are using pension and health care in the same breath. You have all read about the pension system how the raided it and they are forced to pay it back but there is now time limit to pay it back they just have to pay it back. They are talking about a big push for shared services, possibilities of legislating share services, they are talking about small municipalities merging with larger Municipalities, and they are talking about eliminating all K-4, 3-6 and K-8 school districts and just making K-12 School districts. Any school district lower than 500 students should be eliminated. This is their path to progress.

They want the Municipalities, us to go to the taxpayers to promote this and push it. There statement is we are going to pay this somehow someway, 8 billion dollars is going to come from the tax payers so the tax payers have to stand up and say enough is enough.

Councilman Opilla commented is the State taking over more responsibilities and governing what we all should do is going to save us money.

Councilman Astor commented there are a lot of people buying into this path for progress; he gave Council members the website for the path to progress. Councilman Astor has the full packet if anyone is interested.

The Council discussed the path to progress, what would happen to our school, if was this done in any other States, wouldn't benefit the kids and having a town hall meeting for the residents so they can come to explain the path to progress to the residents.

PUBLIC SESSION

Councilman Opilla moved, Councilman Nardini seconded motion to open the public session of the meeting. All were in favor.

No one from the public stepped forward.

There being no further business from the public, Councilman Astor moved, Councilman Nasisi seconded motion to close the public session of the meeting. All were in favor.

EXECUTIVE SESSION

Mayor Slater commented we do need to go into executive session for the Chief's contract if that is ok. Mayor Slater asked Chief Gordon if he wants the discussion in public.

Chief Gordon commented it is public information anyway.

There was no executive session.

Chief's Contract

Mayor Slater commented Gordon's contract is technically done. Last year we tried to get it all done but with everything going on [we didn't]. So, we got the old contract, Robin typed it up it was good, it was good until 2017. We are going to do a three year contract, two things the Chief Gordon is requesting is one is the sixty hour shift mandatory. Now that we are going to have

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL
OF THE BOROUGH OF OGDENSBURG
14 HIGHLAND AVE. OGDENSBURG AT 7:00PM
December 10, 2018**

possibly two new officers he would like to change it to up to 60 hours instead of a mandatory 60 hours in his contract. Mayor Slater commented she doesn't think is a problem because they are not going to have overtime. We can put a clause in there however if there is an issue and it goes over 60 just in case something happens everyone is covered.

Mayor Slater commented the other part which she doesn't even know what it was put in his contract but when Chief Gordon takes any development classes or professional classes it is coming out of his pocket when it should be paid by us. The rest of the police officers are all covered and paid for so if he takes classes with one of them we are covering the officers but not his classes.

Chief Gordon commented any classes he takes for professional training he has to pay for out of his packet.

Mayor Slater commented she doesn't think that is right.

Mayor Slater commented we will fix that his base [salary] is in there. He did not take a raise for last year. He will take it for 2019 plus an increase half of what was last year to make up for the difference. Then it would be two percent after that. This is for three years since we are a year behind.

Chief Gordon commented like the Mayor said it will go to December 2020 and with it being zero for the year of 2018 doing a staggered step 2019 which would help ease the budget.

Mayor Slater commented we are good with that they can get it together.

Councilman Astor asked is they the only changes.

Mayor Slater commented there was nothing else.

Ms. Hough asked if there needs to be a vote or we are just agreeing to this now with the changes and the Chief and Mayor will sign and I'll attest.

Mr. Briagliodoro commented if everyone is in agreement you can approve it tonight subject to putting that information in it.

Mayor Slater commented this will start January 1, good.

Councilman Astor asked who read the whole contract.
Mayor Slater commented, me, Richard, Robin and Chief.

Councilman Astor asked Chief Gordon you read through this again and there is no other changes and gave some examples.

Councilman Opilla commented we are agreeing in principal, he [Gordon] still has to sign it.

Councilman Astor commented he is more than ok with the changes.

Mayor Slater commented on the Christmas Party, did we get enough responses. Ms. Hough commented we have about 45 attending.

Councilman Hutnick asked can we get people to help set up and clean up. There was a discussion on the party.

PAYMENT OF VOUCHERS

Councilman Opilla made a motion to approve payment of voucher and departmental reports. Seconded by Mr. Nardini.
